protect your  
pool

Bar covers

# CBE 650

## CBE-650 IS PRACTICAL

A single cover to install for years of care-free enjoyment. You escape the nuisance of seasonal cover changes and the drudgery: cleaning, folding and storing the cover removed unfolding and installation of the other cover.

*Choose comfort, choose CBE-650.*

## CBE-650 IS EASY TO MAINTAIN

With its **two varnished surfaces**, CBE-650 stays clean, it is easily washed down with a jet of water.

## CBE-650 IS HARMONIOUS

The bars are made of grey anodised Aluminium. CBE-650 cover are available in 5 colours:

blue

green

beige

grey

platinum gray

NEW

*The underside of the cover is always beige to prevent staining that could occur where the fabric is in contact with the coping.*

## LEGAL INFORMATION

CBE-650 complies with the French standard NF P 90-308 (May 2004 version concerning pool protection) in as far as all the components of the cover are provided by BWT.

## CBE-650 IS STRONG

CBE-650 covers are made of a UV stable, **very strong** (650g/m<sup>2</sup>) polyester fabric membrane treated to prevent the growth of fungus.

The cover fabric is unbroken where it passes underneath the bars for enhanced **mechanical strength**.

This hard-wearing membrane is **varnished** on both surfaces to withstand wear and tear, physical and chemical attacks.

The **coping pads** can be adjusted to the shape of your pool. Their pliable material protects the cover and the bars from impacts and any risk of abrasion.

**Anodised, Aluminium bars** strengthen and stiffen the cover so that it would not be damaged by a child falling onto it.

The cover is delivered with a fastening kit.

The hand crank and the motorised crank are available as an option.

A safety cover for pools intended to deny children under five access to the pool. This cover is no substitute for common sense or individual responsibility. Nor is it intended to replace the vigilance of parents and/or responsible adults which remains key to ensuring the protection of young children.
